

# Automatic L'Sealer/Tunnel Combo

Compact ★ Portable ★ Affordable

Model:

# PP-5300/5600 Combo

**"APA"**  
Automatic  
Product  
Adjustment

**"APA" (Automatic Product Adjustment)** machine automatically adjusts inverting head and infeed conveyor to different package sizes from one touch control panel in less than 15 seconds!

The new fully automatic **PP-5300/PP-5600 Combo** is the only automated L'Sealers and Tunnels to feature **"APA" Automatic Product Adjustment**. Operator simply selects desired program from the one touch control panel and the machine will automatically adjust the infeed conveyor and inverting triangle to package size in less than 15 seconds. No more fussing with crank handles or guessing the proper package size.
